## Little Common FC

Little Common Football Club formed originally as Albion United in 1966, when Ken Cherry had a vision for youth football in the area. Initially two youth teams were formed one at Under 16 level and one at Under 14 level. However, the two teams grew like topsy and today the club runs sixteen youth and four senior teams.

Albion United started life in the Hastings League and was very soon running two sides instead of the planned one and they moved to the East Sussex league. That league held no bounds for the highly successful United sides and after the double winning success of the 1977/78 season the club successfully applied to join the Sussex County League Division Two.

In 1974 the club committee decided to provide the club with its own club house and changing rooms, to include showers and a bar after spending eight years on grounds which did not have such facilities. The club obtained two prefabricated houses which were built in Fulham at the end of the Second World War. They cost £250 each and the necessary planning permissions were given. The club erected these two buildings, joined together, to make one large building; half was changing rooms, showers and toilets and the other half lounge and bar.

This became the clubs home on entry to the Sussex County League and their first season saw them finish in the top five and they reached the Division 2 Cup Final only to be beaten by Crowborough Athletic. Subsequent seasons saw the club occupy a mid to lower position in the table, actually finishing bottom in 1980/81 and 1981/82 (Division Three was not formed until 1983). Albion enjoyed their best placing since entering the League when they finished 6th in 1985/86 and changed their name to Little Common Albion at the end of that season.

The newly named club again finished in 6th place the next two seasons, before their fortunes began to slump once again. In 1993/94 they were relegated after finishing bottom; and left the League altogether after finishing 15th of 16 in Division Three the following season. The 1990s proved a difficult period for the club and they re-joined the East Sussex League. A third consecutive relegation was a huge blow for the club and in the space of just three seasons they had gone from playing senior football to junior football.

The club committee decided that in order for the club to progress further new facilities were required in order to attract and retain players. Buoyed on by a thriving youth policy the club began its rebuilding process. The club joined together with the local council and cricket club in order to develop a project to build a new sports pavilion. After many years of hard work by all involved the project finally began to get moving and in 1999 a £262,000 Sport England Lottery Grant was awarded for the project. Building finally began in 2001 and the club moved into its new home in November 2002.

On the pitch the clubs fortunes continued to fluctuate, a

successful 1998/99 season saw Common just miss out on promotion to Seaford before being relegated the following season. A rise followed with an instant return to the Premier Division and after avoiding relegation on the final day of the 2003/04 season the club committee decided to make a concerted effort the following season to realise its ambition of a return to the Sussex County League.

After spending ten seasons in the East Sussex League, the club were successfully crowned Premier Division champions in the 2004/05 season and applied for a return to the County League. After carrying out the essential work to their ground to achieve promotion the club was successful in its application. After spending four seasons in Division 3 the club was promoted to Division 2 at the end of the 2008/09 season after clinching the second promotion spot on the final day of the season against Bosham. The club went on to record a 4th place finish in the 2009/10 season before a mid-table finish in 2010/11.

The 2011/12 season saw a change in management after a disappointing start to the campaign, Russell Eldridge returned to the club and a win on the final weekend of the season saw Common finish outside of the relegation zone. The 2012/13 season saw the club finish 3rd but ground grading regulations prevented the club from being promoted. At the beginning of 2016 the club lost its founder and chairman, Ken Cherry, fifty years after forming the club. The 2016/17 season saw Common finish runners-up to Saltdean United and their highest ever league placing, once again ground grading regulations prevented them from being promoted to the Premier Division and a ground share agreement was secured with Eastbourne United for the 2017/18 season.

The Commoners went on to claim the Division One League and Cup double in the 2017/18 season to seal a place in the Premier Division for first time in the club's history. Despite a tough season the Commoners enjoyed a good end to the 2018/19 season to finish outside of the relegation places and secure another season in the premier division. The following two seasons saw the Commoners comfortably placed when the league season was curtailed due to the Covid pandemic, during the 2020/21 season, Common's all-time leading goal scorer, Lewis Hole, scored his 350th goal for the club.

In September 2020, the club finally received planning permission to enclose their ground and make the necessary improvements for Step 5 football and in January 2022 the club finally returned to its home at Little Common Recreation Ground. The club went on to record its highest ever league finish in the 2021/22 season followed by its biggest points tally in 2022/23.

# FROM the typewriter

Am I the only one who thought this summer's Euros were a load of dross in terms of the quality of the football? And it was a competition deservedly won by a bang average Spanish team. That's not a criticism of Spain who won all seven games and were the only side to show real ambition throughout, but they were not a patch on the Spanish teams that dominated European and world football between 2008 and 2012. The fact that they won the competition just emphasises the point I am making.

We heard a lot of talk about teams playing 'tournament football' – England among them – but did 'tournament football' (another way of saying cautious, defensive, unambitious football) win the tournament? No.

England's performances were criticised most of the way through and rightly so, because as supporters we had a right to expect so much more from that squad of players. Gareth Southgate is a real conundrum because he has done so much good in his time in charge in terms of changing the narrative around the England team, bringing through young players through from England age group football and creating England squads that seemed to have a real togetherness. But at the same time, he has greatly underachieved with probably the finest ensemble of England players that I can remember.

I don't have a great desire to criticise Southgate. Like me, he is a Crawley boy and I know a lot of people who played junior football with him in Crawley or who went to school with him. As a journalist, I remember interviewing him for the Crawley News round about 1990 when he was a teenager at Crystal Palace, still playing reserve team football and yet to make his professional debut for the Eagles. As I compiled a piece about the local youngster with a seemingly bright future ahead of him in professional football, I remember thinking how unlike a lot

of footballers he was – polite, courteous and considered in what he said.

Because of the impression he made on me I kept tabs on his career as he went on to enjoy a fabulous playing career for club and country, before stepping into management and eventually getting the England job. He even overachieved with the players he had at the 2018 World Cup.

But, as the quality of the England squad grew significantly, doubts crept in with Southgate's squad selections, team choices, substitutions, his reluctance to take risks and his loyalty to players who were not performing at a level to warrant selection.

What Southgate should have done was to resign after the 2022 World Cup in Qatar. We had lost the 2021 Euro final on penalties because of Southgate's caution and lack of ambition, and the World Cup just over a year later was a disappointment of a bigger nature. At a time when the top coaches were balancing risk and reward, Southgate was stuck in his ways, seemingly without a game plan and without the coaching nous to react in games when things were not going so well.

At the World Cup in 2022 and then even more so this summer, England had a squad which had to be winning trophies. Instead, we were playing unimaginative football and underachieving on a major scale. The pro-Southgate crowd will say he reached one semi-final and two finals. True, but we should have achieved so much more and sadly (I truly mean that) Southgate has tarnished his own reputation in the process.

He should have been remembered for what he did for the England national team; instead, he will be remembered for what he didn't do.

Enjoy the game.

# FROM 'The Dugout'

Good afternoon and welcome to the Haven for today's league game against Little Common.

This fixture was originally scheduled to be played tomorrow at Little Common, due to the fact that their facilities are shared with the local cricket club. Thankfully, sensible heads prevailed when a reverse of the fixture was agreed, saving everyone a trip on Sunday.

Tuesday night saw us play Newhaven in an absolute barnstormer of a game.

Having lost our opening league fixture to Pagham 5-0, it was important that we took something out of the game, which was never going to be easy against a team which finished so strongly last season. What transpired was a 7 goal thriller, which swung multiple ways over the 90 minutes.

For 70 minutes or so we played some of the best football I've seen at the Haven for a while. Our possession, intensity and pace over the pitch meant we constantly opened up our opposition creating chance after chance.

The game finished 4-3 to the Anvils, and despite having to come from behind twice to get the victory, we well deserved the win. Any neutral watching that game would agree it would have been a travesty had we not won given our dominance over the 90 minutes.

It was also good to see a decent crowd at the Haven with a number of supporters from both teams attending. They certainly got their money's worth.

That victory means we have won 2 of our opening 3 fixtures and it's important that we maintain that momentum today. Little Common have been a regular fixture in the Premier division of the SCFL for the past few years, usually finishing around mid table. They are a club with the ability to beat anyone on their day, and it's important that we bring the same level of performance as we did Tuesday if we want to get the win.

**Enjoy the game.**

# 'LOVE FOOTBALL. PROTECT THE GAME.'

## A message from The FA & endorsed by CDG about anti-social and criminal behaviour

As we commence the new season we want to make you aware of new measures being taken across all of football, and the NLS, to ensure everyone can have a safe and enjoyable experience. We are supporting strong action from the FA, and across the NLS to tackle anti-social and criminal behaviours that put all of us at risk.

Please remember the following activities are illegal, dangerous, have serious consequences and have no place in our game:

- Carrying or using smoke bombs or pyros
- Invading the pitch or entering the pitch without permission
- Throwing objects onto the pitch
- Drug use within the football ground
- Discriminatory behaviour

For everyone's safety, we will report anyone carrying out these offences to the police, which can result in a criminal record.

Anyone who enters the pitch without permission and those carrying or using smoke bombs or pyros will now receive an automatic club ban. These measures could also now apply to the parents or guardians of children involved in these activities.

This reflects the seriousness of the risks to fans and staff – pyros can burn at 2000 degrees Celsius and cause life-changing injuries, while entering the pitch endangers players, managers and match officials. It also impacts the hard working volunteers, who ensure that our special part of the game continues to run.

We know those who commit these illegal acts do not represent the majority of supporters. Please work with us to call out the risks.

**ANYONE WHO ENTERS THE PITCH  
WITHOUT PERMISSION AND THOSE  
CARRYING OR USING SMOKE BOMBS  
OR PYROS WILL NOW RECEIVE AN  
AUTOMATIC CLUB BAN.**

# FROM 'The Chair'

Good afternoon and a warm welcome to the Haven to our guests Little Common, one of the very few teams in the Southern Combination League that I never had the pleasure of playing against.

Firstly, I want to take this opportunity to congratulate our first team manager James Day, and his wife Lindy, on the birth of their son Jackson. Congratulations and warm wishes from us all.

Once again I am missing this game due to our family holiday and will be keeping up to date with the score via social media and what's app. I can confirm that this is not a good way to watch a match and does nothing for the blood pressure. The stress levels were at an all time high for the 1-0 FA cup game v Holmesdale and the 7 goal thriller on Tuesday night against Newhaven!

Congratulations to Lewis Gould and Michael Spence on their player of the match performances.

As the season is now in full swing, I want to say a huge thank you to those players who have left for new adventures, especially to Oli Leslie who was a huge asset to the club last season. We wish them all well and look forward to watching their footballing journeys.

New players have arrived and settled in well including Lewis Gates, Josh Alder, Szymon Kowalczyk, Max Bickell and the returning experienced Charlie Cooke. We look forward to seeing how the season progresses for them all.

I hope for another entertaining game of football today and look to build off the success of the last two games.

**Thanks for all your support and enjoy the match.  
Dave**

COMMUNITY CLUB

# ANVILS 'The History'

**Crawley Down Gatwick FC** have made a remarkable rise from parks football to the Ryman League in less than 20 years. The club was only formed in 1993 but have enjoyed the type of success many could only hope for in their short history. In 2011 Sussex County League title success and promotion to Step 4 Football was followed by an appearance at the AMEX in the Sussex Senior Cup Final in 2012.

**1983-95** Delving back into the history books to 1983, Crawley Down United could be found nestled in Division Six of the Mid Sussex League. By 1988 the club had risen to Div One, winning three league titles and finishing runners-up on two occasions. After three seasons in Div One they won promotion to the Premier Division as runners up to Lindfield. **1993/94** culminated in a merger of four local sides and adopting the name Crawley Down Village they finished third in the following season. 1994/5 they claimed their first Premier Division title by a massive margin of ten points from 2nd placed Wealden.

**1995-2003** In 1995 the Anvils joined the Sussex County League Division Three. In the first season they finished second and found themselves making an even swifter move into Senior Football. They also reached the final of the Intermediate Cup. The first two seasons in Division Two provided much sought after consolidation but in the 1998-99 season they finished in a promotion position but only to be denied a place in Division One because they could not persuade Mid Sussex District Council to allow the installation of floodlights in time. The following season they thought they had finished in a promotion spot again only to be thwarted by a late decision to award Lancing three extra points after Mile Oak had fielded an illegible player. The next four seasons were not so easy for the club with changes of management and they finished no higher than 11th in that period.

**The 2004-07** era was better as they finished tenth and fifth and In the Division Two Cup, they reached the semi-final stage two years running. 2006-07 was a struggle only staying up after an outstanding finish to the season loosing just two of the last 14 matches. Cup form: Q/F of the Sussex RUR Cup and the Div Two Cup.

**2007-08** was a massive year for the club as the culmination of 10 years' hard work behind the scenes paid off with the Anvils given the go ahead to upgrade facilities. Floodlights, hard standing and stands followed and were in place for the start of the new season. The Team finished 6th and reached the semi-final of the John O'Hara League Cup. In the FA Vase they reached the 4th round losing away at Brockenhurst. The Anvils also entertained Brighton & HA in the Sussex Senior Cup. By now, the club were gaining momentum on and off the pitch and they finally won promotion to Div One with a third place finish.

**2009-2010** Many expected the Division One new boys to struggle but they defied the odds to enjoy a tremendous season, finishing eighth in the league and enjoying good cup runs in the FA Cup and FA Vase as well as reaching the League Cup Final.

**2010-11** Proved to be the most successful season in the club's history as the Anvils won the County League Division One and promotion to the Isthmian League by a margin of 15 points as well as winning the RUR Cup. They reached the semi-finals of both the John O'Hara and the Sussex Senior Cups where they lost to Blue Square prem side Eastbourne Borough. **2011-14** Saw the Club compete in the Isthmian South for the first time and the Club set about building a team to compete at this level, finishing in 15th place and also getting to the Sussex Senior Cup Final at the AMEX, losing out in the last minute to Ryman South Champions Whitehawk. A name change to Crawley Down Gatwick FC was approved highlighting the wider area to which the Club is now associated. **2012/13** Season started remarkably well with the team topping the Ryman South table through to November but finally finishing in 13th position. Forced Manager changes meant a massive dip in form in **2013/14**, which saw the Anvils end up second to bottom and relegation.

**2014/15** The Club rejoined the Sussex County League, unfortunately a 2<sup>nd</sup> relegation followed to the newly named Southern Combination League Div 1. **2015/16** saw the revival of the side under Paul Cooper as the rebuilt Anvils challenged at the top all season, finally finishing in 2nd place to Haywards Hth Town and 14 points clear of 3rd placed Oakwood to gain promotion back to the Southern Combination Premier Division.

**2017-23** Back in the SCL Prem the side continued its improvement finishing in a mid table position and reaching the RUR Cup Final in that first year. The following season they achieved a mid table finish and a PB cup Semi final. James Day took over the side from **2018-19** and did well in his first season as the side finished in 9th place with 57 points. **2019/21** Covid dominated and the League was abandoned with CDG in 6th Pos. **21-22** the team again ended mid table and a run to R3 of the FA Vase. **22/23** Proved to be a very good season with The Anvils finishing in 2nd place behind Broadbridge Hth & losing out on promotion to Isthmian side Sutton Common Rovers in a promotion play off.

**The Story Continues.**
